If yes, by what date are the regulations to be adopted, amended or repealed? 07/01/22

## Why this fiscal note differs from previous version/comments:

CC: Revised for conference committee to add funding to CBPL for this program.

## FISCAL NOTE ANALYSIS

**STATE OF ALASKA**  
**2021 LEGISLATIVE SESSION**

**Analysis**

SB 21 will move the registration and licensing of Mobile Intensive Care Paramedics (MICP) from the State Medical Board, Division of Corporations, Business, and Professional Licensing, and place them under the Department of Health and Social Services (DHSS), Division of Emergency Services. This legislation will provide a career path for Emergency Medical Technicians (EMT) to become MICPs, as EMT are currently licensed by DHSS.

This legislation will also create a pathway for temporary licensing for military spouses and active duty personnel, a measure that establishes limited reciprocity for qualified practitioners who hold substantially equivalent licenses in other jurisdictions or who have demonstrated substantial compliance with licensing requirements in this state. This will allow the department to streamline the process and issue a one-year temporary license to those qualified military individuals.

If the bill passes the following expenses will be incurred:

Personal Services:	\$83.5 (One Publications Specialist, range 13)
	\$98.4 (One Records and Licensing Supervisor, range 14)
Services:	\$30.0 (Printing, postage, and legal costs for regulations project in FY2022)
	\$30.0 (Statewide core services & allocated costs)
Commodities:	\$20.0 (One-time set up costs in FY2022)

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
